## Bequests to the Nigeria Health Care Project

The Nigeria Health Care Project was established in 1992 and is expected to continue long into the future. From time to time we have friends who ask how to leave a legacy to the Project. Our advice is as follows:

We recommend that any bequest is made to 'Nigeria Health Care Project'.

You may however want to add the following:

'or if ceased its successor body or, if no successor, The Methodist Church in Britain World Church Office, requesting that the legacy be used for the benefit of health care provision under the jurisdiction of Methodist Church Nigeria'.

Executors will be able to find the address of the current Treasurer of the Nigeria Health Care Project from the website [www.nhcp.org.uk](http://www.nhcp.org.uk).

In the unlikely event that the charity has ceased to function, the address for the Methodist Church in Britain is:

Methodist Church House, 25 Marylebone Road, London NW1 5JR.

Thank you for thinking about the project in this way.

If you have any questions about this, or any other aspect of the Project, please contact me at the above address. The current treasurer is:

Peter Young, NHCP, 459 Selby Road, Leeds, LS15 7AX
